On November 16th Dixon Valve and Coupling Co. held its annual Benefits Fair, at which time employees of the Company were afforded the opportunity to meet with providers of services of importance to them. Vendors ranged from insurance providers to bankers and physical therapists, child care programs and medical services.

United Way of Kent County was honored to be invited to participate as Dixon inaugurated its United Way Payroll Deduction program. Tom Beckett, Jim O’Harrah, Polly Campbell and Barrie Frazier talked with many of the employees in the truly festive atmosphere provided by Dixon. The popcorn was delicious!

The result was that 42 Dixon employees have signed on to the payroll deduction program. This makes the Dixon program one of the leading United Way payroll deduction programs in Kent County.

Richard Goodall notes that Dixon Valve associates have always been deeply supportive of local charities. Mary Price and Jennifer Fogwell, Dixon staffers who supported and facilitated our involvement in the event, expect that the payroll deduction program will enable Dixon Valve associates to be event more active and involved citizens in support of Kent County charities. From our point of view, we believe they succeeded!
