MILLINGTON -- United Way of Kent County joined with the residents of Millington at the town's volunteer appreciation dinner, Oct. 19, to honor two outstanding business supporters for their participation in the 2010-11 campaign.

Plaques were presented by United Way board member Maryland Massey to Two Tree Restaurant and Millington Hardware. Dennis Hager received the Two Tree plaque in recognition of events which the restaurant has sponsored to raise funds for United Way.

In addition to the generosity of the citizens of Kent County, United Way received support in the form of payroll deductions from Crow Insurance Agency, Dixon Valve & Coupling Company, Eastman Chemical Company, Kent County Board of Education, Kent County Commissioners, LaMotte Company, PNC Bank, Shore Health and Washington College. Crow, Dixon, Eastman and LaMotte also provided corporate matching funds. Annual contributors included Baldwin Electrical Company, Chesapeake Farms, Dixon Valve, Haven Harbour Marina, Millington Hardware, PNC Bank and Two Tree Restaurant.

A new campaign year began on Sept. 1. The 23 member agencies which United Way will assist are counting on the organization to raise the funds for the increasing number of those in need in Kent County. To contribute, visit unitedwayofkentcounty.org or call 410-778-3195.
